Re: Provision of a playground including site preparation, walls, fencing, kerbing, drainage, resurfacing and play equipment.

To Whom It may concern

Cavan County Council are proposing to provide a playground in the heart of Ballyhaise Village.

On behalf of Ballyhaise Development Association I offer our support and wholehearted approval for this proposal. These works will provide a facility for our children and the local community. We see this as an important support for physical and mental health of our youth.

Yours sincerely,

Andy Slowey, Chairperson BDA
